## Lippincott Williams & Wilkins Journal Archive Collection

content + tools + services

## Lippincott Williams & Wilkins (LWW) Journal Archive Collection

### Perpetual Access to Premier Medical and Nursing Journals coverage through 2003

- Dramatically increase the amount of full text journal information available to search across
- Expand the number of full text, multi-specialty articles available to link to from bibliographic databases
- Establish or enhance your electronic full text collection with archival access to over 200 medical journals from one of the world's most renowned medical and healthcare publishers
- Make a simple one-time purchase of this rich multi-specialty collection
- Special pricing - contact your Ovid representative for details

*The LWW Journal Archive Collection provides access to more than 200 medical, nursing, and pharmaceutical journals from Lippincott Williams & Wilkins—a leading international publisher of professional health information. With the advanced functionality of Journals@Ovid your research is faster, smarter, and more effective.*

**The LWW Journal Archive Collection** provides access to more than 200 medical, nursing, and pharmaceutical journals from Lippincott Williams & Wilkins—a leading international publisher of professional health information. With the advanced functionality of Journals@Ovid your research is faster, smarter, and more effective.

Building an electronic journal collection takes time and budget. An Ovid exclusive, the *LWW Journal Archive Collection* helps information managers build up a medical journal collection quickly. Physicians, clinicians, nurses, students, and researchers will expand their knowledge base with fast, easy online access to the archives of more than 200 prestigious journals from LWW.

#### **Advanced Searching and Linking**

Ovid's innovative linking technology allows your users to seamlessly link directly to these journals from the bibliographic citations they find in their database search results.

Your users demand 24/7 access to quality information to further their research and inform their important work. *LWW Journal Archive Collection* gives your institution the depth and breadth of content that LWW offers—at an affordable price. This one-time purchase is a must for all medical and academic institutions, such as libraries, hospitals, clinics, or academic departments.

#### **Contact Us Today**

Your Ovid representative is always ready to help you design the right combination of our content, tools, and services for your organization.

## Your LWV Journal Archive Collection includes coverage through the last issue of 2003. See specific titles for coverage start date:
